WideCam 1050

1st Ultra wide angle HD webcam

It's time to move up to the next generation webcam. Genius presents a new webcam to enhance your chatting and video conference experience, WideCam 1050. This webcam has a "ultra wide angle lens" up to 120 degrees which lets you see everyone easier and there's no need to crowd around in front of a regular webcam. For video conferences, WideCam 1050 has a built-in high sensitive microphone to let you talk freely. Plus, the glass lens provides a better image quality for chatting. For more information about WidecCam 1050, get in touch with your sales representative.
